### Successful Sports Day

Ideal weather, a merry crowd and ice cream and peanuts added to some very excellent horse races combined to make a splendid sports day on Wednesday last. There was also an absence of anything that could mar the day. Const. Jarmain of the Alberta Provincial Police and Chief Sick wandering around wondering what had come over the people that they were so excited. There were one or two games of chance on the grounds, one of them was purely a gambling proposition with its staff of "come one" but they did not get much of a start and finally closed up when they found they were being watched pretty closely.

The Cantains band of twenty two pieces under the direction of Mr. E. B. Shantz helped in a very commend-

able way to edify proceedings and were lavish in supplying music for the occasion. In the evening they gave a long concert in the handstand for the benefit of the citizens and visitors after the ball game which was greatly enjoyed.

### Baseball Game

The baseball game between Didsbury and Olds resulted in a complete shutout for Didsbury, the score standing 2-0 in favor of Olds. The break seemed to be all against the home team whose batting was far better than the score would indicate. However Olds was right on the job and let nothing get past them. There was a little dispute at one part of the game at second base and the

umpires could not agree. This did not make any difference, however as the inning ended without the men on bases scoring.

The dance in the Opera House in the evening was very largely attended about 110 couples taking part.

The following is the list of winners in the many events run off in the afternoon.

11.2 Open Run—  
1. Tenny, Didsbury.  
2. Julien, Didsbury.  
3. McFadden, Crossfield, money divided.  
Open Harness—Trot or Pace—  
1. Coffin, Crossfield.  
2. Coffin, Crossfield.  
3. Burrill, Didsbury.

### Burning Up Money

The fire loss in Canada during 1921 amounted to more than \$15,000,000 and exceeded that of any previous year in the history of the country. Returns for the present year indicate that conditions are going from bad to worse. During the first four months of 1922, losses have amounted to \$79,250,000 or almost \$5,000,000 per month.

The above figures are taken from a new publication called "Fire Control," published by the Department of Insurance at Ottawa, which has been issued to take notice of the rapidly increasing fire waste in Canada and has become impressed with the necessity of calling public attention most forcibly to it. If the enormous fire loss in Canada each and every year is to be lowered it is imperative that the general public be aroused to a greater sense of individual responsibility for existing conditions.

It is estimated that directly and indirectly, without taking into account loss of life and injuries resulting from fires, Canada's fire burden in 1921 reached the enormous sum of \$95,435,470. This great sum of almost one hundred million dollars is paid directly by property owners, but subsequently, through the channels of business, every individual in Canada bears his or her share of the burden. So distributed it amounts to \$11.25 per capita of the population and constitutes a tax of more than \$50.00 per annum upon the average family. Other taxes produce something in the way of service, but this fire tax of one dollar per week per family yields no return.

There is a popular notion that the loss sustained in fires is, in the vast majority of cases, fully covered by insurance. Newspaper accounts of fire invariably concluded with the words: "Loss fully covered by insurance." We take it for granted that this means there is complete compensation for all waste and destruction caused by the fire. There is no greater fallacy. The losses resulting from a fire extend in so many directions that they can never be fully covered by insurance.

Insurance, at the most, can be collected only for the goods and property actually destroyed. There is no insurance covering the cost of cleaning up the debris preparatory to rebuilding; none for time lost in productive work while rebuilding or seeking a new location; none for profits lost on work that might have been done but which, owing to the fire, went to a competitor; none for the costly disorganization of business which results; none for loss of employment suffered by employees; none for the public who through decreased production may be called upon to pay higher prices. Yet these losses have to be paid for. Who pays if the insurance companies do not? Why, the public of course. And even if such losses were covered by insurance, the public would still pay through still heavier premiums. The only way for the public to escape these charges is to reduce the fire waste.

In the Western Provinces of Canada where the bulk of the population live in rural areas, and where therefore it is difficult, and frequently impossible, to supply adequate fire-fighting equipment, it is especially important that all possible precautions against fire be taken and the utmost care exercised at all times. If a fire starts on the farmstead, or in a small village or hamlet, the total destruction of the building is almost a foregone conclusion because there are not, and cannot be, the efficient fire-fighting resources available in cities and the larger towns.

However, with the few general installations of fire-fighting equipment with local fire and village centres, it should be possible to protect rural districts to some extent with the town or village in providing a fire-fighting equipment, combining a chemical and pumping outfit and hose, carriage, which would provide protection not only for the small town or village but for a considerable section of the surrounding country as well, and the rural population thus be reasonably sure that a telephone call will find the nearby town or village fire department equipped and ready to serve them promptly. The small town or village cannot, of itself, stand the expense of providing such equipment, but through a union of forces with the adjacent rural sections such equipment could be provided without imposing too heavy a burden on anybody.

Farm homes can easily be equipped with automatic chemical extinguishers at a very low cost, a very simple apparatus which can be used by a woman, or a child if necessary. If a place is started off, can, through such means, be quickly smothered before it gets headway where no one can check it.

However, there is no better way of avoiding loss by fire than to prevent it. Once again, it may well be stated that an ounce of prevention is worth a pound of cure. The adoption of all possible precautions against a fire being started is, after all, the cheapest and most effective of all measures to reduce the fire waste which today constitutes one of the heaviest taxes imposed upon the people of this Dominion.

### Human Magnets

Experiments Have Proved Certain People Possess Magnetic Powers.

Some experiments that are being carried out by a German doctor show that certain people possess magnetic powers like those of an ordinary magnet.

The magnetism in the hand of one person examined was so marked that on laying the hand on a paper sprinkled with iron filings the filings arranged themselves along the "lines of force" in a way that most of us have seen done with a real magnet.

The interesting point is that, after a magnetist person has done some exercise, his magnetism seems to increase.

Dr. Grunwald, who is conducting the experiments, has made an instrument that will measure a person's magnetism.

### When Your Appetite Fails This Is What You Need

When the very thought of eating makes you feel dizzy, when you cannot find stomach in had shape—you need a real long-suffering, with Dr. Williams' Pink Pills. They tone up the liver, assist the stomach and improve digestion. The food becomes aware of new flavors in food, you never notice before. You'll look and feel a whole lot better after using Dr. Williams' Pink Pills. Many folks used this old remedy and nothing else and kept in the pink of condition all the time. See it at all dealers or The Cataract Co., Montreal.

### What She Knows

A youthful and blushing belle reduced the aged grandmother of the groom to a state of collapse not long ago. When the old lady asked her if she could cook, the bride answered, "Not very well, but I know that you bake inside the stove and boil out the outside."

### NEW STRENGTH FOR WEAK STOMACHS

Indigestion Disappears When the Blood Supply is Enriched.

The urgent need of all who suffer from indigestion and who find the stomach unable to perform its usual function, is a tonic to enrich the blood, purify and distress after eating. It is too weak to perform the work of digesting the food taken. In this condition some people gradually resort to purgatives, but these only further aggravate the trouble.

New strength is given weak stomachs by Dr. Williams' Pink Pills because these pills enrich and purify the blood, and thus the indigestion process of giving strength and tone to the stomach, and it accounts for the speed with which indigestion disorders that follow the use of Dr. Williams' Pink Pills. The appetite revives, food is taken without discomfort and the burden and pains of indigestion are dispelled. Mr. William Johnson, a prominent business man of Lehigh, N.S., bears testimony to the value of these pills in cases of this kind. He says: "I was attacked with indigestion accompanied by severe cramps in the stomach. I was prostrated for by the family doctor, but got very little benefit. Then I tried some of the advertised remedies but with no better result. Indeed, my condition was growing worse. Then I read of the case of a man who praised Dr. Williams' Pink Pills whose condition was similar to my own, and I decided to try this medicine. The result, I think, was amazing as the use of six boxes restored me to my former good health. I can therefore warmly commend the use of this medicine for stomach troubles."

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

### A Return to Good Times

When we learn that our great London hotels are experiencing something of a boom, there is little difficulty in putting two and two together. The wheels of trade have begun to revolve again. Every week sees an added momentum. Soon they will be turning at full speed. These seemingly casual gatherings in foyers and restaurants mean much. They mean orders, trade, business of all kinds. And that means an end to unemployment and a return to prosperity. Truth be the barometer points to "Set Fair!"—London Daily Express.

If a woman is unwilling to take in washing and scrubbing to support the family she has no business to marry a man to reform him.

Minard's Liniment Lumberman's Friend

W. N. U. 1435

## Business Woman Is Out With Statement Of Facts To Public

"Since taking Tanlac I feel so well I can hardly realize that a short time ago I was in such wretched condition," declared Miss Althea Perth, 351 Carlton St., Winnipeg, Man., popular young business woman.

"I had a nervous breakdown which kept me in bed several weeks and left me so bad off I had scant hope of ever getting better. I was very nervous, couldn't sleep and even after I went back to the office I seemed to have no

strength. My stomach became disordered and indigestion caused me right pains, bloating and agonies of breath. My kidneys also bothered me most continuously and this was positively miserable."

"But soon after I began taking Tanlac I could see it was doing me a world of good. Seven bottles have relieved me of all my ailments and now my health is just fine. I think Tanlac is simply grand."

Tanlac is sold by all good druggists.

### The Smallest Dictionary

Print So Fine Can Only Be Read Through Glass

Weighing less than one-sixth of an ounce, the smallest English dictionary in the world has been located at Ottawa, it is claimed. Joseph Brown, a war veteran who went overseas with the 42nd Highlanders, is the possessor. He carried the dictionary, a family heirloom, right through the campaign. The pages are a little over half an inch thick. The paper is very fine and the print can only be read through a glass. There are 11,000 pages.

### Thinks Swearing All Right

Yes, providing the provocation equals the offence of Jones stepping on Smith's sore corn. Far better to use "Putnam's" Painless Corn Extract. It does lift out corns in a hurry. So corn can last if "Putnam's" is applied. Refuse a substitute, 25c every where.

### No More Cruises

Wireless Telegraphy Comes to the Rescue of Shipwrecked Mariners

Robinson Crusoe wouldn't need to stay on his lonely island very long nowadays. There can't be any more stories written about castaways and Man Friday any more.

Wireless telegraphy has done away with "Crusoe," old Robinson Crusoe. All ships are being fitted with these wireless outfits, which can send out calls for help far and wide.

A Swedish vessel, Elmore, for instance, ran aground on the shore of a small island in the Indian ocean. As soon as the crew landed they brought their wireless machine, fixed it on the top of the highest hill, and began sending out messages. In less than a month after the shipwreck an answer was received, and the crew was rescued.

Thus let the wireless apparatus on the hilltop for the benefit of any others that might be cast ashore on the lonely island.

Keep Minard's Liniment in the house

If the whole earth was reduced to a level tableland its height would be 920 feet above sea level.

### Holds Honorary Degrees

A total of 61 honorary degrees were held by Mrs. Currier, the celebrated European chemist and discoverer of radium. Nine of the degrees are from American colleges and universities.

No Rest With Asthma. Asthma usually attacks at night, the one time when rest is needed most. Hence the loss of strength, the nervous irritability, the loss of flesh and other evils which must be expected unless relief is secured. Fortunately relief is possible. Dr. J. D. Kellogg's Asthma Remedy has proved its merits through a long record of service. A trial will surely convince you.

### Nearest Stars Still Distant

Man has been able to calculate distances from the earth to some of the stars. The nearest stars are still so distant that it takes the light from them four years to reach us, going at a velocity of 150,000 miles every second.

Bookkeepers will find by looking through our catalogue, every thing needed for the production of honey.

Send for a copy to—

**RUDDY MANFG. CO., LTD.**

Succursale à:      Hazelton, C.B. Limited.

**Genuine Bayer Aspirin**

**WARNING! Say "Bayer" when you buy Aspirin.**

Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all. Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and doses worked out by physicians during 22 years and proved safe by millions for

Colds	Headache	Rheumatism
Toothache	Neuralgia	Neuritis
Earache	Lumbago	Pain, Pain

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark registered in Canada of Bayer Manufacturing Co. of Elberfeld, Germany. With it is well known. Bayer is a well known manufacturer to assist the public against imitations, the tablets of the Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## Plan To Create New Wheat Board Is Now Approved

Ottawa.—The House has approved the report of the agricultural committee recommending creation of a wheat marketing agency to handle the 1922 crop. Under the terms of the committee report, the marketing agency is not to be given the direct handling of flour and mill products and the net creating it is to become effective by proclamation "as soon as two or more of the provinces have advised upon the matter, such powers possessed by the wheat board of 1919 as come within provincial jurisdiction."

There was protracted discussion on the respective methods of the commission and the voluntary pool. Right Hon. Arthur Meighen, leader of the Opposition, complained that the wheat board was being subjected to a long and cruel process of strangulation and the House should not be asked to put in the final stab. He favored a voluntary board. The opposition policy was subsequently expressed in an amendment submitted by Donald Sutherland of South Oxford, calling for reference of the report back to the agriculture committee with instruction to amend it so as to read:

"It is desirable in the national interests that the Government immediately create a national wheat marketing agency, similar to the Canada Wheat Board of 1919, but on a voluntary basis, fully in accordance with the powers of Parliament, for the marketing of the wheat crop of 1922, and that to this end Federal legislation be introduced immediately, such legislation to provide further that the said board may, with the approval of the President of Parliament, exercise such further powers of duties as may be competently conferred upon it by legislation of any province."

Hon. W. R. Motherwell, Minister of Agriculture, was of the opinion that the proposed plan would be reasonably satisfactory to the people they were trying to serve.

The amendment was finally declared lost on division and the committee's report was declared adopted without the House dividing.

F. Kay (Athol, Mississippi), chairman of the committee on agriculture and colonization, moved concurrence in the fifth report of this committee, which was presented to the House on May 26. The report recommends that an act be passed creating a national wheat marketing agency for the marketing of the wheat crop of 1922, to become effective as soon as two or more provinces have conferred on this agency such powers as were possessed by the wheat board of 1919 as come within the provincial jurisdiction.

In moving concurrence, Mr. Kay said that the wheat board question had been raised by a memorandum from the Canadian Council of Agriculture asking for restoration of such a board. The committee had proceeded to hear witnesses including representatives of the Canadian Council of Agriculture, the elevator

companies, etc. It had also received telegrams from various sources in regard to the wheat board. The question of the constitutionality of the wheat board having been raised, this question was referred to proper legal authorities.

Mr. Kay said it should be provided that any province taking advantage of concurrent legislation to establish the board should become responsible for and possessed by any profits accruing.

### Plan for Restoring Former Dual Monarchy

Powers Asked to Give Austria Twenty Year Credit

Paris.—The Allied Council of Ambassadors decided to request the new governments, treacherous of Austria, who have not yet renounced their claims against her, to do so for a period of twenty years. The desire is thus to permit the application of the credit system which has been elaborated for the restoration of the former dual monarchy.

Charles Bonnot, French Minister of the Hague, headed the delegation which France sent to The Hague. This delegation, however, only attended the preliminary meeting, June 15, the experts not being expected to arrive until later, about June 25.

The German Government notified the Reparations Commission that it would pay the regular monthly installment of 50,000,000 gold marks on the date fixed for this payment. The commission is awaiting word from Germany as to what measures she intends taking to carry out the provisions of the commission's ultimatum now that the international loan has failed to materialize. The commission, it was announced, will send another note to Germany requesting further minor improvement in the budget and arrangements for financial reforms.

### China Appoints Foreign Minister

Dr. Yen Will Fill Post in New Central Government

Peking.—Dr. W. W. Yen, former foreign minister, has been reappointed to that post in the new Central Chinese Government. Dr. Yen has also been named acting premier and is expected to be made premier in the event of Wu Ting-fang, foreign minister of the Southern Government at Canton, returning to be President Li's premier.

General Wu Pei-fu, the outstanding military figure of China by reason of his recent defeat of Chang Tso-lin the Manchurian leader, has been chosen minister of war in the Peking cabinet. Dr. Wang Chang-hui, a lawyer of international repute, will be minister of justice.

### WESTERN EDITORS

Miss Elva Simmons, Editor and Proprietor of The Advance, Hbakey, Alberta.

### Radio Messages on Canadian National Trains

Vancouver.—What is said to be the first time in the history of railroading in Canada, the experiment of sending radio messages from a moving passenger train has been tried out on the Transcontinental Limited of the National Railways. Messages were received from Vancouver on board a train when it was in the vicinity of Hope, B.C., eastbound from Vancouver. The messages were received perfectly, notwithstanding the fact that the train ran into an atmosphere that was disturbed by an electrical storm overhead and interruptions were frequent. Should the experiment prove successful, it is possible that all Canadian National trains operating in the west will be equipped with radio, it is stated.

### Nervous Breakdown COULDN'T SLEEP NIGHTS

On the verge of a nervous breakdown the following symptoms present themselves: nervous headaches, fits of depression, irritability, disturbed, restless and unrefreshing sleep, often troubled with frightful dreams, avoidance of crowded places, dread of being alone, horror of society, etc.

When the nerves become affected in this way the heart generally becomes affected too, and on the last stage of weakness of the heart or nerves, dizziness or physical breakdown do not wait until your case becomes hopeless, but get a remedy that will at once quieten the nerves, strengthen the heart and build up the entire system.

This you will find in  
**MILBURN'S  
HEART AND NERVE PILLS**

Mrs. M. Edmond, Young's Cove Road, N.S., writes: "I was bothered very much by my heart and nerves; had nervous headaches and dizziness, could not sleep at night, and my appetite was all gone. I was on a nervous breakdown when a neighbor told me to try Milburn's Heart and Nerve Pills. This I did, and before I had the second box used I was better and would advise anyone who has nerve trouble to take them."

Price, 50¢ a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### Semenoff Returns to Orient

Cossack General Was Recalled by Petition from Siberians

Vancouver.—Recalled to Asia by petitions which are said to contain the names of numbers of Siberians, General Semenov, Semenov, chief of the Cossack-led force from Vancouver on the Orient on the Canadian Pacific liner Empress of Asia, General Semenov will proceed direct to Harbin, Manchuria, and from there his actions will be directed by the counsel of his advisers.

General Semenov, it is said, is returning somewhat buoyed up in hopes and expectations on account of information which he gathered when on his visit to the United States. He was glad to be back in Canada and stated he enjoyed the rest he experienced while under the Canadian flag. His United States experience had been somewhat strenuous, but he before no criticism of the United States Government, though speaking freely of individuals who were active in opposing him.

W. N. U. 1425

## Political Air Cleared By Division On The Budget Proposals

Ottawa.—The division on the long-gestating political air. In the view of political observers, however, it has dispelled any idea of a general election, at any rate until after a redistribution bill is brought down next session. No criticism, considerable significance is attached to the fact that the government majority of 18 was dependent on the nine Progressives who voted against the budget. Had they voted with him, the House would have divided on an even vote, and the carrying of the budget would have been dependent on the casting vote of the Speaker.

There is also considerable comment on the nature of the split in Progressives, of the nine who supported the budget, seven were from Ontario, and two from British Columbia. All Progressives from the prairie provinces voted against the budget. Does the split, it is asked, indicate a swing of the eastern Progressives towards the Liberal point of view? Liberals are inclined to think it does.

It was expected that the government majority would be dependent to a large extent on the Progressive abstentions. As events turned out, there were no Progressives absent. They were present, but some of them were apparently unaware of the role which requires every member present in the House during a division, and who is not asked to cast his vote. On the Budget amendment, seven Progressives and the two Labor men, did not vote, although in their seats at the time and not paired.

The Speaker's attention was called to the fact and they were required to vote. "I must vote," said J. P. Shaw, of Calgary. "I shall vote against the amendment."

"Under compulsion," said G. G. Coote, of Macleod, "I vote against the amendment."

There is now talk of quarrelling within a couple of weeks.

### Mennonites Wish to Return

Saskatchewan. Man Who Went to Alabama Makes Bad Move

Ottawa.—An interesting sequel to the movement some time ago of the Mennonite settlers from Western Canada to the United States has just occurred in the form of an appeal received by the department of Immigration and Colonization for assistance to enable some of these settlers to get back to Saskatchewan. The appeal comes in a letter from a former settler at Embudo, Sask., who writes from Atlanta, Alabama. After pointing out that conditions have been such as he expected to find, this settler continues:

"We would like to hear from you if it would be possible for your government to help us out here. I mean if it would be possible to loan us money to get back to our farms again. We cannot stay here as we are in such bad shape now that we don't know what will become of us. I am very sorry to tell you that my intentions never were to leave Canada, but I was talked into doing so and I am very sorry that I did."

### Making of Home Brew

Will Likely Become Illegal in Canada in Near Future

Ottawa.—"Home brew" will shortly be illegal in Canada if the House of Commons in committee on the budget resolutions passes one of the proposed amendments to the Inland Revenue Act, placed before it by Hon. W. S. Fielding, Minister of Finance.

The effect of the amendment will be, according to officials of the department of inland revenue, that once the amending bill has passed the House and receives royal assent, thousands of licenses issued to individuals allowing them to brew beer for their own use will be voided.

After this bill comes into effect no one except brewers, regularly licensed as such by the department of inland revenue, will be permitted to brew beer.

Until the House passes the bill and it receives royal assent it does not become law, however, so there is a short respite for those who have been making their own beverages.

Indian Federation Impracticable London.—"So long as public opinion stands where it is today, West Indian Federation in the large sense is impracticable," is the conclusion of the report of Major E. F. L. Wood, parliamentary under-secretary of the colonies on his recent visit to the West Indies. Major Wood points out that the primary and most serious difficulties in the way of federation is the great distances separating the colonies.

Gandhi's Successor Arrested Lucknow.—B. G. Ghosh, who succeeded Mohandas Gandhi as editor of Young India, has been arrested following publication of alleged seditious articles in the newspaper.

The shipping industry of London employs more than 20,000 people.

**The Sauce Pan falls from Favor**

"What's wrong with you?" sang out the emerald ware kettle to a brilliant, silvery sauce pan hanging on a hook behind the stove. "I haven't seen you on the stove for weeks. Anything wrong?"

"Everything's wrong," sighed the brilliant sauce pan. "Missess says she's tired of having to scour and rub and polish me every time she uses me. I guess I'm too hard to keep clean."

"My little nephew, SMP Sauce Pan, seems to have your job now," sang the kettle.

"Yes," said the silvery sauce pan sadly. "Missess says she prefers SMP Enamelled Ware, because she can clean it in a jiffy, even after the greasiest frying or boiling. I guess I'm on the shelf, all right!"

See that every enameled ware kitchen utensil you buy bears the well-known SMP trade-mark.

### FARM FOR SALE

10 Per Cent. Cash—Balance in 25 Years Amortized  
The Soldier Settlement Board of Canada offers for sale by Public Tender:

South East Quarter (S. E. 1) of Section Sixteen (16) Township Thirteen (13), Range Twenty Seven (27), West of the Fourth Meridian (W. 4th). One hundred and sixty acres (160). Didsbury Rural Route. Black loam. Forty (40) acres cultivated. Good district. Running water.

South East Quarter (S. E. 1) of Section Twenty-eight (28), Township Thirty (30), Range Twenty-eight (28), West of the Fourth Meridian (W. 4th). One hundred and sixty acres (160) 12 miles east of Carleton Place. Black loam. Seventy (70) acres cultivated. Useful set of buildings.

Terms of sale are 10 per cent. of the purchase price in cash on acceptance of the tender, and the balance in twenty-five equal annual installments, with interest at 6 per cent. per annum on the amortization plan.

Each tender must be accompanied by an accepted cheque for \$100. If tender is accepted, this sum will be credited to the purchase price of the land. If tender is not accepted the money will be returned to the tenderer.

Tenders will be opened at Calgary, Alberta, on Saturday, July 8th, 1922. The highest or any tender not necessarily accepted. If the land is not sold on the date above mentioned, the Board will be prepared to receive offers to purchase until such time as it is finally disposed of.

Tenders should be in plain envelope marked "Tender for the purchase of S. E. 1, 21, 29, 41 W. 5th or N. 1, 21, 29, 41 W. 5th or S. E. 1, 21, 29, 41 W. 5th or N. 1, 21, 29, 41 W. 5th or S. E. 1, 21, 29, 41 W. 5th. Address tenders and enquiries to:

The Soldier Settlement Board of Canada,  
THOS. SMITH,  
District Superintendent,  
Dated at Calgary, Alberta, this 22nd day of June, 1922.

four (4) acres cultivated. Good stock country.

Terms of sale are 10 per cent. of the purchase price in cash on acceptance of the tender, and the balance in twenty-five equal annual installments, with interest at 6 per cent. per annum on the amortization plan. Each tender must be accompanied by an accepted cheque for \$100. If tender is accepted, this sum will be credited to the purchase price of the land. If tender is not accepted the money will be returned to the tenderer.

Tenders will be opened at Calgary, Alberta, on Friday, July 7th, 1922.

The highest or any tender not necessarily accepted. If the land is not sold on the date above mentioned, the Board will be prepared to receive offers to purchase until such time as it is finally disposed of.

Tenders should be in plain envelope marked "Tender for the purchase of E. 1, 21, 29, 41 W. 5th or N. 1, 21, 29, 41 W. 5th or S. E. 1, 21, 29, 41 W. 5th or N. 1, 21, 29, 41 W. 5th or S. E. 1, 21, 29, 41 W. 5th. Address tenders and enquiries to:

The Soldier Settlement Board of Canada,

Dated at Calgary, Alberta, this 22nd day of June, 1922.

### Mountain View Women's Institute Notes

Children's Day was enjoyed very much on Saturday afternoon at the Community Hall. The day was meant for the children only but unfortunately the word had spread that it was the W. I. Annual picnic day and consequently there was a large crowd gathered, some coming as late as seven in the evening for the dance only to be sadly disappointed, as the annual picnic won't be held until July 18th, when we hope to see them all back again and that night there will be a dance, to come and don't forget the date. July 19, bring your picnic dinner for the afternoon as the tables will be spread for the five o'clock tea only.

The 4-man ball team came down Saturday afternoon and gave the Neapolis team a merry chase. However Neapolis won but Coburn wasn't for behind and we will have to give them credit as being the best sports we have played yet.

Come again Coburn, and bring your roster.

### Successful Sports Day

Open Run

- 1 McKenzle
- 2 Phillips
- 3 Bethune

Novelty Race

- 1 Sinclair, Didsbury
- 2 Burd, Didsbury
- 3 Coffin, Crossfield

Roman Race

- 1 Morrison, Aldrie
- 2 Traubart, Red Deer

Men's 4 Mile

- 1 T. Worthington
- 2 H. Freeman

Two Yds Dash

- 1 J. Hulton, Carleton Place
- 2 A. Dawson, Didsbury

Hurdle Contest

- 1 A. Richter
- 2 J. Knight
- 3 H. Hargreaves

O. Krohn

The committee who had charge of affairs are to be congratulated on their efforts in providing a good day's sport although they are somewhat worried as they are in the hole for 2 small amount which no doubt will be made up in some way.

Provincial Treasurer,

Parliament Buildings, EDMONTON, ALBERTA.

W. V. NEWSON,

Deputy Provincial Treasurer.

# ROYAL YEAST CAKES

As a health builder, Royal Yeast is gaining in popularity every day. It is a food—not a medicine. It supplies the vitamins which the diet may lack. Royal Yeast is highly beneficial in cases where the system seems "run down". Royal Yeast is the richest known source of vitamins, and when taken into the system acts as a corrective agent. Royal Yeast Cakes are recommended for their purity and wholesomeness. It is the purest, the most convenient and economical yeast on the market.

Two to four Royal Yeast Cakes a day will work wonders. A full day's supply can easily be prepared at one time by using one glass taker warm water and teaspoon sugar to each yeast cake. Allow to stand over night in moderately warm room. In the morning stir well and pour off liquid. Place in refrigerator or other cool place and drink at intervals as desired throughout the day.

Send name and address for free booklet "Royal Yeast Cakes for Better Health".

EWING COMPANY LIMITED  
Toronto, Canada

## WORLD HAPPENINGS BRIEFLY TOLD

Fresh apples are now being shipped from the North Pacific ports direct to Europe by way of the Panama Canal.

At a meeting of directors of the Canadian Pacific Railway, W. N. Tilley, K.C., Toronto, was elected to fill the vacancy on the board caused by the death of Sir John A. Macdonald.

The bill amending the Vancouver Harbor Commissioners Act went through the committee stage in the House June 12. Hon. Ernest Lapointe said the purpose of the bill was to bring Vancouver into line with all the other ports of Canada.

An English syndicate headed by the Duke of Argyll has bought the Elton Willow Ranch, comprising 150,000 acres in San Joaquin Valley, Cal., for a consideration of twelve million dollars, according to advices published by the Los Angeles Times.

Captain A. W. Stevens, aerial photographer at McCook Field, Dayton, Ohio, broke the world's parachute jumping record when he descended 24,264 feet. He landed at Janesville, approximately 25 miles from where he left the plane. The descent took thirty minutes.

W. E. Carter, biologist, has made 200 miles of a trip from Calgary to Winnipeg in a row boat down the Bow River, according to word received from him. He helped a farmer sow two bags of potatoes in return for assistance in crossing the Canada Land Company's dam near Hussong, he says.

## DAUGHTER WAS WEAK AND NERVOUS

Mother Gave Her Lydia E. Pinkham's Vegetable Compound with Happy Results

Cobourg, Ontario.—"Lydia E. Pinkham's Vegetable Compound was recommended to me by my daughter. She had trouble every month with back and pain in her right side. She had been troubled for three years and frequently was unable to attend school. She has become regular and feels much better since she began taking the Vegetable Compound and attends school regularly.—Mrs. John Toas, Ball St., Cobourg, Ontario.

Every mother who has a daughter suffering from such symptoms should give Lydia E. Pinkham's Vegetable Compound a trial. It is prepared from roots and herbs, and can be taken in safety by young or old. It has been used nearly fifty years, and many many women owe their good health today to the timely use of Lydia E. Pinkham's Vegetable Compound.

W. N. U. 1423

## World Wheat Supply Low

Only North America Has Surplus to Supply Demand

The world wheat stocks by July 1, will be lower than for several years, according to an analysis of the situation issued by the Commerce Department.

Both Argentina and Australia, the countries explained, have considerably less wheat than last year, the United States carry-over will be lighter, and only Canada has considerable stocks on hand. A large demand than last year, it was declared, was indicated by the upward trend of consumption, while the prospects are for a smaller crop.

Until next February, the Department said, "the international trade will be largely dependent on supplies on the surplus of North America, and a limited quantity from India." With Russia entirely cut off the export trade, North American wheat is in a relatively strong position.

## HEALTHY CHILDREN ALWAYS SLEEP WELL

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well, if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be as healthy and happy as the others. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthy sleep. They are absolutely safe, free from opiates and any harm given to the new-born baby with perfect safety. They are sold by most druggists, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Super U-Boat Designed

German Inventor Has Submitted Plans to United States

A German armored submarine, creator, with an action radius of 23,000 miles, is the battleship of the future, according to its designer, Professor Oswald Flamm, who constructed the commercial submarine, the Deutschland. He has submitted plans of his invention to the United States, Britain and Japan, as Germany is forbidden to build new war craft for decades to come.

The projected super-submarine can make four round trips between the North Sea and the United States without touching any port. It carries two inch and four 3 1/2 inch guns, with 5,000 rounds of ammunition and eight torpedoes, with forty torpedoes, in explaining its plans, Professor Flamm declared that, in case of a war with the United States, Japan, with several of these submarines, could cut off the traffic from the Atlantic fleet by destroying the entrance to the Panama Canal.

"I would rather," said, "sell my invention to the United States than to any other country, but so far Japan and Britain have been pressing me hard to turn over the complete plans, while the United States has shown only mild interest."

Minard's Liniment used by Physicians

## A Suit That Is New.

The ever popular box coat is distinguished this season by the flaring or bell sleeve—as in this attractive suit made of midnight blue tulle and trimmed with diamond and mauve ribbon attached with steel bands. An hat of imported satin completes a costume that is due to cheer the heart of the most busy little lady.

## You May Be Ill To-night Have You a Remedy?

It may be a disordered stomach, perhaps cramps or acute indigestion. If you have no remedy handy, you are bound to suffer. Twenty drops of Norville in sweetened water will ease the pain and enable you to get a good night's sleep. Whether it is Neuralgia, Sick Headache, or some other minor ailment, Norville can be used internally or externally and will be found a true friend for every family. Large 50c bottles sold every where.

## Shifting the Blame

"Your advertisement describes this as all wool. It is nearly all cotton." "Yes, that's the way," of the news papers. You can hardly believe a word they say."

For Sprains and Bruises—There is nothing better for sprains and contusions than Dr. Thomas' Electric Oil. It will relieve the swelling that follows a sprain, will cool the inflamed flesh and draw the pain. It will take the ache out of a bruise by counteracting the inflammation. A trial will convince any who doubt its value.

## Woman's Way

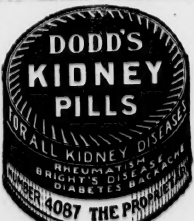

She—I don't believe it. He—But I have proved it to you. She—Of course. But I don't have to believe it if I don't want to.

Sores Heal Quickly.—Have you a persistent sore that refuses to heal? Then, try Dr. Thomas' Electric Oil in the dressing. It will stop itching, carry away the proud flesh, draw out the pus and prepare a clean way for the new skin. It is a recognized healer among old and numbers of people can testify that it healed where properly applied.

No such city as Troy, or people as Trojans, were known in historic times.

Many people are almost crippled with corns. But it is needless suffering which can be speedily ended with Holloway's Corn Remover.

The man who boasts of being a cynic is usually more foolish than dangerous.

## Lightning Harmless to Airplane

Air Pilot Escapes Injury When His Plane Current at 100 Miles an Hour

Captain R. D. Horne, a cross-country pilot, has had the extraordinary experience of striking the rods of a flash of lightning while in flight at a speed of 100 miles an hour.

Captain Horne recently made a record double trip between London and Paris in a single flying day. While passing along the way to Paris he observed heavy thunderclouds above the channel. He was skirting these when he suddenly saw two or three vivid flashes of lightning near the machine. The storm plane seemed to shudder and heat late, then, recovering itself rapidly, continued smoothly in flight.

Captain Horne called up the nearest land station by wireless telephone and asked whether there thought the trailing wire of his apparatus might be connected with this phenomenon. They advised him to wind it in ten turns, which he promptly did.

It has often been a matter of speculation what would happen should an aeroplane in flight come in the path of a flash of lightning. Some experts declared—and Captain Horne's adventure offers the first confirmation of their argument—that the lightning would blow around the machine and down its wireless aerial and continue earthward without damaging the craft.

A safe and sure medicine for a child troubled with head worms is Mother Graves' Worm Exterminator.

## The Changing Times

Visitor—What has become of the veterinary college you used to have here?

Native—Oh, they long ago turned that into a school for automobile mechanics.—Cincinnati Enquirer.

O. McPherson, Farmington, Underhill, Vermont, N. S. Lot, Yarmouth, N. S.

Dear Sirs:—Since the act of hospital board we have both hundred while our muscles, sprained ankles, etc. but our shoes as we started using Minard's Liniment our troubles ended. Every household place should have a bottle of your famous balm.

Covers only. W. E. McPherson, Secretary, Armstrong High School, Hazelton, B.C.

## Way to Reduce Armaments

The way to reduce armaments in Europe is to reduce the suspicions and fears that cause armies to be maintained. But that cannot be done until the light of common sense breaks in Russia until the numerous boundary questions that blur the map of Europe are out of the way; until Greece, Italy, France and Great Britain are satisfied with the state of affairs in the Near East, and until France is contented that Germany will carry out all of the terms of the treaty of Versailles.—Detroit Free Press.

Ask for Minard's and take no other

## Two Answers

A questionnaire is being sent out by the World's Y.W.C.A. to twenty-six countries, asking an answer to the question: "What do women want, and why do they want it?" A frank answer to the first part would probably be, "Don't know," and to the second, "Just because."—Woodstock Sentinel-Review.

## Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh Medicine does much more than when they are in good health. This fact proves that Catarrh Medicine is a local remedy, it is greatly followed by constitutional catarrh. Catarrh is a toxic and acts through the blood and the mucous surfaces of the body, thus reducing the information and vital factors in restoring normal condition.

All Druggists. Circular free. E. J. Cheney & Co., Toledo, Ohio.

Learned Professor (in his lecture on water): "And then, gentlemen, do not forget, if we had no water we could never learn to swim—and how many people would be drowned!"

ense fee will be prosecuted in terms  
of the By-Law.W. A. AUSTIN, Secy.-Treas.  
126 Town of Didsbury.**Rev. D. McGregor's  
Farewell Sermon**Knox church, was filled on Sunday  
evening last with a large and atten-  
tive audience to hear Rev. D. Mc-  
Gregor preach his farewell sermon  
at Didsbury.Mr. McGregor took for his text  
"Christ and Him crucified" and his  
exposition of this great tragedy in  
human history so interested his au-  
dience that at times a pin could almost  
have been heard had it dropped in  
the church.The choir under the leadership of  
Mr. Bowman led the singing and  
Mrs. D. McGregor and Miss L. Weber  
sang an anthem very acceptably.**Presented With Praise**Before the congregation dispersed,  
Mr. and Mrs. McGregor were pre-  
sented with a well filled purse in to-  
ken of appreciation from the congre-  
gation with best wishes. He was  
much surprised and sincerely thank-  
ed all for their kind remembrance  
and good wishes on behalf of him-  
self and Mrs. McGregor and again  
expressed best wishes for the suc-  
cess of the church.Mr. McGregor will be stationed at  
Windsor, B. C., and expects to  
leave shortly for his new charge; in  
the meantime they will visit friends  
in Edmonton for a few days.**AROUND THE TOWN****WESTCOTT SPORTS, WED-

C. N. BONSALL, Manager

**Buy a Ford**Because it represents satisfaction, comfort and real  
operating economy at the very lowest initial outlay.

It costs less to buy a Ford.

It costs less to run a Ford.

It costs much less to maintain a Ford.

A used Ford will sell for more in proportion to first cost  
than any other car on the market.A new Ford has every useful convenience such as self  
starter, steady lights, demountable rims, tire carrier and one-  
man top. The closed models afford a degree of comfort and  
elegance not obtainable in any open car at any price. And  
Co-operating with every Ford owner is the Ford Service, that  
is ever working to lower motoring costs and keep your Ford  
always at its best. Wherever you go whether near or far Ford  
Service is there before you.Whether you want a car for business or for pleasure, or  
both, it is better business to buy a Ford.We sell or serve Ford cars. Repair methods are up-to-  
date and in accordance with the best Ford practice. We are  
prepared to give prompt and efficient Ford Service at Ford  
Prices, both parts and labor.**Steven's Service Shop**
